StarBoard

INTERACTIVE WHITEBOARD FX-89WE2-L

Affordable Interactive Technology for your Classroom Environment.

StarBoard FX-89WE2-L series interactive whiteboards bring finger-driven interactivity to your classroom or conference room. These models combine simplicity of design and solid surface with the latest interactive technology. Their finger-driven features and multi-touch gesture capabilities make StarBoard FX-89WE2-L intuitive for anyone to use. The large surface of these boards provides additional working space and contributes to comfortable group work.

Finger-Driven Technology

Use your finger, stylus pen or any object to easily navigate through activities, website's, and multimedia content

"10-Touch" Feature

Thanks to the "10-Touch" feature, up to ten users can write and work on the whole surface of the board simultaneously.

Multi-Touch Features

Control the whiteboard naturally with the multi-touch gestures - use your finger to annotate, fist to scroll, and two fingers to erase or zoom in and out.

Software key features
